Bonspiel

(Cont. from Page 1, Col. 3)

Mens Open Bonspiel from 8:30 to 9:00 p.m. on Wednesday evening. This will give these people to view the very controversial club room of the Drayton Valley Curling Club.

Wed. Feb. 24 at 8:00 sharp the Worship, Mayor Howard Pickup will cast the first piece of granite to officially open the bonspiel which we hope in the future will become one of the most widely known and most popular bonspiels in the country.

Thursday evening at 8:00 the Ladies Curling Club will put on a floor show on the ice surface for all those participating in the bonspiel reports say that they will do the performance of Peter and the four lions at the recent ladies bonspiel.

The public are invited to come down to the rink and watch some or all the curling during the bonspiel. The draw will commence each day from 8:00 and finish at 12:00 midnight. The Ladies club will be operating the lunch counter from any body who would like a delicious snack at any time of the day.

Curling

Two rinks from Drayton Valley journeyed to Hinton last week end for a Legion Zone 2 mixed curlingspiel.

All of this work, material and equipment meant a great deal of money - money which had not been appropriated at the time of the estimate. There were other instances like this but the one which probably comes to mind first is that requested by the newly developing subdivision, Block 40 in the southeast corner of the town. It was felt that a minimum of road construction was necessary in this area only a minimum of the lots appeared to be being developed. However when the rats came and the truck became impassable and each time a minimum of work proved fruitless - in order to appease the residents and save some portion of the work already done the Council had no other alternative than to do major work with dozer, scraper and grader and then top it with a good layer of gravel to provide a surface that it prove substantial enough to withstand the terribly wet conditions.

This was done and although it created an overexpenditure in 1964 it will prove out to a worthwhile investment. Our other general maintenance and operation expenses proved to be pretty well within the figure as arrived at during budget time early in the year.

However our capital projects came in for over estimation. We allowed the sum of \$75,000.00 as sufficient to cover capital expenditures to be paid for out of general revenue and because of factors excluded below it was necessary to charge \$54,000.00 to this expenditure thereby creating a \$21,000.00 deficit in this item.

This capital out of revenue over expenditure resulted from a combination of two little appropriations for known works and additional work being required that was not known about or all known for. This created a cost of \$16,500.00 for our hardfacing and storm sewer instead of the figure originally computed. However, we were able to recoup this apparent \$37,000.00 deficit by the application of our continuous fund set aside for insurance as such as this and consequently lowered this deficit to \$28,000.00. It might be borne in mind that the capital works program could not be based at the expiration of funds as there was too much at stake to chance it. This would have meant leaving a goodly portion uncovered and opened to the elements and as everyone can readily see this would mean that all the work done into preparing this portion of road for hardfacing would have become wasted effort and money - much more than the deficit incurred. I think therefore you will understand the how little choice our officials had but to go ahead with creating the deficit but knowing that there would be no waste. I suggest this is economically sound and the only acceptable answer to the problem that faced them.

The many reports tonight have given you a fair and concise picture of the Town's journey through 1964. It is worth noting also that in conjunction with the Town of Com mence much in the line of promotion and development went on. Two fine signs were constructed and erected to guide our visitors into the Town. We were visited by the first which visited the fair at

Calgary, Edmonton, Red Deer and Garfield, Edson, Wainwright and our own fair. This fair was outstandingly successful if you will and in fact brought home many trophies and awards. In addition to this many oil bottle souvenirs were given out in many different localities to carry the message that Drayton Valley is and that it is in the largest oilfield in the world.

Our Fire Department had a very successful year. Beginning with January 10 and their fine performance at the Curling rink fire which they managed to put out and thereby confine the damage mostly to the reception and club rooms - even after the fire had gotten well along. This and many other fine fire fighting displays during the year have won for our firefighters in the hearts and hearts of our residents. They must not and will not go unrecoginized.

Our Police Department as witness their individual report have in their own quiet way kept the town rolling along well placed on the pulse of the Town. It is to be noted that most cases during the year were handled expertly and well and the largest majority solved. Some reputation is felt however, in the best manner in which

Without a doubt our town is building as compared to 1964 - \$775,000.00 in building as compared to \$635,000.00 in 1963 and \$585,000.00 in 1962. Let us help it surge on with ever accelerating momentum to assure a place on the map of our world and a place formidable for our children.

SEPARATE SCHOOL OPEN HOUSE.

St. Anthony's Separate School held Open House on Sunday last, to show off the wonderful new building. A very large number of visitors went through the school. Following the tour of the school coffee and cakes were served by G.W.L. Official opening will be held some time in April.

The above picture was taken by the Roving Cameraman in the Gymnasium, where coffee and- was served.

Modern Etiquette

Q. Is the recipient of a birth announcement always expected to respond with a gift of some kind?
A. Definitely not - although it is a nice response. It's up to how you feel about it.

Q. Who should aight first from a taxi, the man or the woman?
A. The man always goes first, then turns aside and assists the woman by offering her his HAND, not his arm. In assisting her INTO vehicles, he places his hand under her elbow for support, allowing her to go first.

Q. I've been told that a bride always wears gloves. True?
A. Formerly, yes. But today it's up to the individual. If gloves are worn, the seam on the wedding ring finger is ripped so that it may be slipped off during the ceremony.

Q. When giving an informal dinner, how does the hostess let her guests know the seating arrangement she wishes?
A. She stands at her place at the table, and tells each guest just where he or she should be seated.

COOKING MAGIC

Tried Recipes and Meal Planning Ideas Prepared for Pembina Home Services Department by the Home Services Department of Northwestern Utilities, Limited

SWEET AND SOUR TUNA CASEROLE
1 No. 2 can pineapple chunks (2 1/2 cups)
1/4 cup sugar
2 tsp. cornstarch
1 chicken bouillon cube in 1 cup hot water
2 tsp. vinegar
2 tsp. soy sauce
1/2 tsp. salt
2 cans green pepper strips
1/2 inch wide

2 1/2 lbs. can tuna, drained and broken in chunks
2 tsp. butter or margarine
2 8 oz. can chow mein noodles

Drain pineapple, reserving syrup. Combine sugar, cornstarch and hot water. Stir in tuna and sauce. Cook and stir in all mixture thickens. Add pineapple, green pepper and tuna and butter. Heat 5 minutes stirring occasionally. Serve over noodles. Fat soy sauce. Serves 6 to 8.

RICE GRIDDLE CAKES
Sift 1 1/2 cups flour, 3 tsp. baking powder, 1/2 tsp. salt and 1/3 cup sugar together. Beat 1 egg. Add 1 1/2 cups milk mixed with 1/2 cup cooked rice and 2 tsp. melted shortening or oil. Mix well and bake on hot griddle.

RICE MUSHROOM CASSEROLE
1 cup rice
1 small minced onion
1 lb. fresh or canned mushrooms
3 tsp. butter
1 No. 2 can peas

Saute the mushrooms and onion in butter, combine with the rice after it has been drained or boiled until tender. Place in well buttered casserole, border with creamed peas and bake at 300 °F. until thoroughly warmed. Serve at once.

COTTAGE CHEESE SALMON SALAD
1 cup cottage cheese
1 cup minced salmon
1/2 cup chopped celery
1/4 cup chopped sweet pickles
Salt and pepper
1/2 cup mayonnaise

Combine all ingredients in order given, allow to stand in a cold place for an hour before serving to improve flavor. Serve on lettuce. Tuna fish may be substituted for a salmon if desired. Serves 4.

SHRIMP CURRY
1 cup rice
1 tsp. salt
1 1/2 cups hot boiling water
10 1/2 to 11 oz. can cream of mushroom soup

1/4 cup light cream or egg milk
1 tsp. curry powder
1 lb. fresh shrimp, cooked and cleaned
or 2 8 oz. cans Shrimp
Wash rice, drain. Add salt to boiling water. Add skin. Cook till tender 50 to 60 minutes. Drain. Combine mushroom soup, cream and curry powder. Add shrimp and heat thoroughly. Serve over hot fluffy rice. Serves 4 to 6.

ALBERTA JUNIOR CITIZEN OF THE YEAR BULLETIN:

Who Is An Alberta Junior Citizen?

Read what some of them have done - then nominate young citizens of YOUR choice!

Enterprising Alberta youngsters between 6 and 16 years can win Junior Citizen Awards for many reasons. Some save lives, like David Kilford of Sherwood Park and Lynda Dann of Vulcan. Some assume tremendous family responsibilities like Albertine Cleerhout of Bashaw and Gary Fry of Edmonton. Some perform outstanding community work, like the Junior Red Cross Group of Cayley School, Herolam,

quiet courage, community service, special talents, or just plain old-fashioned Alberta independence and initiative! Qualities like these can qualify youngsters you know. But it's up to you to send their names to the editor of this newspaper. Nominate an individual or a group for any act of merit since August 1964.

Remember, young people like these deserve recognition. You can see that they get it in our Alberta.

The Alberta Junior Citizen of the Year Program is sponsored by Alberta's investor-owned electric utility companies, with the co-operation of Alberta's Weekly Newspaper Editors.

CALGARY POWER LTD.
Proud of our Alberta Heritage

Recreationally Speaking

By Mike Gormley

CADET FATHER AND SON BANQUET - The annual Father and Son Banquet sponsored by the Drayton Valley Air Cadets Squadron is to be held in the Legion Hall on February 17, was very poorly attended, scarcely half of the local squadron was in attendance, several of the local leaders were unable to attend and no dignitaries nor guests from Ponikoff nor Edmonton attended the function. Those who did attend, about thirty in number were treated to an excellent supper prepared and served by the Ladies of the Legion Auxiliary. W.G. Johansson was Master of Ceremonies. Jim Deas addressed the group on behalf of the local Canadian Legion Squadron c/o Maurice McCullagh spoke on behalf of the Cadets while Dorothy Burrows represented the Ladies of the Legion Auxiliary at the banquet.

"JANUARY THAW" - Program in preparation for the January "Thaw" has been quite satisfactory to date. This hilarious compilation of William Ross will be presented by the Drayton Valley Players Drama Club on March 19 and 20 at St. Anthony's School Auditorium under the direction of Mrs. Pat Moore. This is a three act play with a cast of fourteen persons. In central theme, its spontaneity of dialogue and its humorous appeal is bound to make it one of the most enjoyable and entertaining plays ever presented here.

BASKETBALL - The Junior Basketball Clinic sponsored by the Drayton Valley Athletic Association got under way last Saturday forenoon. The clinic is being held in the gymnasium of the Drayton Valley High School. The purpose of this clinic is to introduce the sport of basketball to interested youngsters in the twelve and thirteen year old grouping who will have the opportunity to play the sport at the High School level in the very near future. The clinic will be held every Sunday morning for the next eight weeks. Sixteen boys turned out to last Saturday's opening session and the clinic is still open for registration. Anyone desiring to take part in this instruction should contact the Recreation Office at the school on possible opportunity.

HOCKEY - We are nearing the end of the most dismal hockey season ever experienced in these parts. The weather has been increasingly more unfavorable to hockey from year to year during the past five years and this season we will be all in for it. A game was arranged with Evansburg at the Ice West level last Friday evening but Friday's produced one of the most lousiest evenings of the whole winter so there went the game. There is a chance that this game might be played on this weekend.

There is also a chance that the Klippers, our Midgar squad, might take part in a tournament at Stony Plain this weekend. So much depends on the weatherman has to say, over the weekend. One way or another, the ice is in sight and we do know that very little hockey will be played here during the 1964-65 season.

FIGURE SKATING - If the hockey enthusiasts have had their problems with ice conditions, weather and temperature, it follows that the local Figure Skating Club is having its difficulties as well. It has been a very hard season for our figure skaters. However, they have made the best of it and plans are to hold the annual Ice Carnival on Saturday March 5, at the Lions Hockey rink. The show will be held at a hockey rink rather than the skating rink because it was thought that, among other things, the hockey rink was more sheltered and also seating facilities were more readily available here. So if we can get a break in the weather for this one week and there will be an Ice Carnival in Drayton Valley this year. A great deal of time and effort has been put into this year's show and it is hoped that it will be a most successful one.

EDITOR

This letter was sent to Gary Cooper of The Journal.

As you know, we had seven of all the boys in Edmonton on Paul Horner Kingsway hockey team. We also started for Red Deer with 2 more players for Eric Kemmick card there.

With 3 handlers and my wife and myself, we had a grand total of 12 to 20 cars.

We travelled down the Winfield Highway and under conditions were good until we got to Headley and we were hit by a blizzard.

conditions. We were barely able to get into Bentley at about 7 p.m. and stopped there for about 1 hour and after phoning Red Deer and finding that, at that time the weather was good down there, we tried to head east to Lacrosse and thought we would run out of the storm. After about 1/2 mile we were driving under impossible conditions. We decided it was no use and turned back into Bentley.

Arriving there, we ate and decided to wait until the storm died down and then go back to Drayton Valley.

About 10:30 p.m., we were approached by a few of the townspeople who suggested that they would try to find places for us to stay over night at the hotel was filled up. We agreed that as the storm did not seem to be letting up, that it would be fine if they could at least get the smaller boys bedded down for the night, as we thought, if necessary, the bigger boys could stand sitting in the lobby until the storm let up and we could travel.

After a lot of telephoning around, we were again approached and this time they told us they would put us all up.

Various townspeople drove us to their homes and made us as welcome as if we were long time friends and strangers.

Next morning, everyone enjoyed the breakfast at all the different homes and as the weather had cleared up and the highways were opened up by snowplows, we decided to start for home.

Of the two cars, left at the hotel overnight, mine had to be the one that wouldn't start and again we had the assistance of a great number of the folks to get me out of the snow.

I think that the people in Drayton Valley, as well as everywhere else, did appreciate the usefulness of these folks and although they may not have known it, perhaps someday we can use some of them in our part due to them.

Basketball Season Nears End

Tuesday night spectators witnessed a pair of exciting basketball games at Frank Maddock High School. The first contest saw Breton girls defeat the Drayton Valley girls by a score of 21 to 8. Breton topped the scoreboard with 13 points while Linda McMorris of Drayton counted for 4.

And exhibition game between Breton boys and Drayton Valley boys saw Breton come out on top by a 50 to 35 margin. Clifford Blunk was top scorer for Breton and Alton Matson took the honours for Drayton.

A reminder that next Wednesday night, March 3, Pembina District seniors will be playing the Evansburg team at the High School. The Drayton teachers are determined to win this game as they lost the last game due to a spectacular Evansburg basket in the closing seconds of the game. The final score was 40 to 39. Drayton Valley boys will play the Evansburg boys following the teachers.

Pictured above are the Breton girls who will play Evansburg for the district girls basketball championship. Left to right are Judy Matson, Linda Fisher, Ella Olsenberg, Connie Larsen and Kathy Kila.

THE "Go Along Column"

SOMETHING NEW HAS BEEN ADDED... With this issue we start a "controversy" column. Purpose of the column is to give readers a chance to "talk back" to the editor, or to add what they feel so inclined. We are starting the ball rolling with the following thought.

One thing we must stress, however, is that all letters MUST be signed, and all must be free of personal attack. Any letter that attacks anyone on a personal basis will not be printed.

WHY THE "GO ALONG" bit? Simply this: It is also a "I DON'T GO ALONG WITH THAT" for Discontents.

NEXT WEEK SEE: PREACHERS ARE FOR PREACHING

The Generation - Afraid To Think

We notice an increasing tendency among this generation to shun what might be termed as "philosophical thinking".

One striking evidence of this may be seen in the radio that go full blast all day long, from morn till night.

It is almost as if people are afraid to be alone with their thoughts. Could this be the natural outcome of fears of imminent doom by way of nuclear bombs? Could it be a result of the all too obvious preoccupation with sex that we see in every hand? Perhaps it is the result of hidden, deep-down economic fears. Or the general instability of the national and international scene?

Anyway, whatever may be the reason, we notice that many people are apparently afraid to be left alone with their thoughts or on their own resources. If it isn't radio, then it is certainly TV. We are apparently taking a generation afraid of their own thoughts.

Some of the people who helped to make this column what it is today are: Mr. and Mrs. Jack Turnbull, Mr. and Mrs. Cliff Smith, Mr. and Mrs. Les Gray, Mr. and Mrs. Ken Butler, and Rag Porter, Ken Butcher.

There were many more who helped and it is only sorry that I could not get all their names, many thanks to you all.

Bentley has been called a model town and I think they have some pretty fine people who make it just that.

Thanks,
Don Booker

Rotary "Adventures In Citizenship"

DRAYTON VALLEY ROTARY CLUB HELD ITS ANNUAL YOUTH NIGHT DINNER WITH THE HEADLINING OF THREE YOUNG HIGH SCHOOL SPEAKERS WHO WERE CONTESTANTS IN ROTARY'S "ADVENTURES IN CITIZENSHIP" CONTEST. Left to right they are: Tom Booker, Terry McManis, Grant Jakobs, and on far right, Rotary President, C.D. "Red" Ehlert.

The three contestants were competing for Rotary's sponsored \$1000 prize to Ottawa. Each had written an essay on the subject of "Citizenship" and these three had come down to the final judging which would be a short presentation of their treatise, given at Rotary Ladies Night Dinner, in the presence of the three judges. First winner was Grant Jakobs, who essay appears beneath. Judges for the occasion were two Rotarians from Edmonton, Mr. George Harpriet, and Mr. R.C. Jarvis, assisted by the Rev. J. Stachan, of Drayton Valley United Church. Jack Zolner was the local chairman of the "Adventures in Citizenship" committee.

Lions Charter Night

Citizenship is the name which stems from the feeling of belonging to a group of people, united, and working together toward the betterment of their natural society. It is a feeling brought about by a sense of well being due to the love of one's country and what it stands for.

A true citizen is an individual who endeavors to promote the maintenance of a feeling of unity between the people of this country. Also, it is within his scope the true citizen will strive for peaceful co-existence between his own country and the country with which it has relations. He will profess the ideas that make his country the land for which he chooses to fight.

Drayton Valley Lions Club Eighth Annual Charter Night was held in the Community Hall on 8th Friday, February 26 with around one hundred and twenty in attendance. Cheers for the occasion were the Legion Ladies. Following the dinner and other ceremonial dancing was enjoyed to the music of the Diamonds.

Atain Speaker was District Governor Mort Pettit, of District Governor Dan, Larbaester.

1965 Licence Plates

FIRST DAY LICENSE PLATES SALE IN DRAYTON VALLEY'S TREASURY BRANCH SAW A GOOD LINE-UP AT THE WICKET. HERE WE SEE ASSISTANT ACCOUNTANT KEN DOMBOVY HANDING A PLATE TO KEITH PETERSON.

THEY ARE IN LINE TO HAVE A FARMER FROM TOMAHAWK Mr. Robert Shepley, who got licence 12-3001. However the Camera man did not get early enough to get a picture of the picture so called for later-camera Mr. Peterson.

DRAMA CLUB

Rehearsals for the upcoming comedy "January Thaw" seem to the observer, to be more fun to watch for those involved, and it is quite understandable that such should be the case. The first act sets the pace for the entire story which will keep you laughing from beginning to end.

Imagines an author, his sophisticated wife and three young daughters moving from the city to an old farm home which the unexpected wife removes and converts, with great expense, into a country home.

Later to be knocked over by Roy Burrows Moore, and the Probstons. Sum of money were taken from both places.

Recently three service stations were burglarized. In these three places the robbers got their hands in mischief.

It is only a question of time until they are caught red-handed. At that time we suggest that the punishment fit the crime.

Break-Ins

It is only a question of time until they are caught red-handed. At that time we suggest that the punishment fit the crime.

Public Events Calendar

CHAMBER OF COMMERCE SETS UP PUBLIC EVENTS CALENDAR

In order to make local organizations the planning of future activities such as picnics, trips, etc., and to help prevent clashing with other events, the Chamber of Commerce has set up a Public Events Calendar.

Handling the arrangements will be Mr. Bob Cowan who invites all parties interested to advise him of proposed events either by letter or by telephone at 542-3072 (345).

It is pointed out that the Chamber cannot possibly guarantee to keep a day clear for any particular event, but it is felt that, if everyone uses this idea, it will enable organizations to better arrange their events.

C of C Plans Huge Fiesta

Friday, July 9th, is the day the Centenarians (who will come from all over the world) will start at 11 a.m. they will arrive in Drayton Valley at various times during the day.

It is where the big fiesta comes in. Very extensive plans now underway in the local Chamber of Commerce building. It for a while be set up on the river-bank, at the bridge site. Negotiations are underway with the owner of the land in the vicinity of the bridge. It is expected that it will be a most successful one.

It will be another notable first for our local Chamber and will spark nation-wide interest.

ALFONI FROM LEGISLATURE

By Mrs. Cornelia R. Wood,
M.L.A.

The Second Session of the 15th Legislature of Alberta, opened on Thursday, February 15th with the usual colorful ceremony of gun-fires, music, and the reading of the Speech from the Throne which indicated a large program of legislation and work for the session. Some of the items to be considered are as follows:

1. Hospitalization Services to be advanced.
2. Mental Health facilities to be increased.
3. Improved educational, technical and vocational facilities.
4. Agricultural legislation of interest to Agricultural Service and producers of agricultural products.

5. Changes in Municipal Acts.
6. Votes for our Indian people.

General improvement in highways and rural roads.
Northern Development projects and programs to be extended and a railway to the north to be built.

Five new Senior Citizens centres to be built in 1965.
ARDA program to be extended.

Encouragement of industrial development in the Province.
Amendments to many Legislative Acts.

In Friday afternoon the session of the House was opened by Rev. Robert Simpson (S.C., Calgary North). He spoke on the 50th Anniversary of the Province this year and the 50th anniversary of the Social Credit Government.

Mr. Macgregor (Lib., Lac La Poudre) in Opposition, pointed out the fact that the Speech from the Throne was a very long one, and that it was a pity that it was so long, and that it was a pity that it was so long, and that it was a pity that it was so long.

Romeo B. Lamonde (S.C., Bonnyville) in seconding the motion to reply to the Speech from the Throne, made a plea for duty exemption on capacity laboratory equipment for schools purchased outside of Canada. He dwelt on the problem of small farmers and urged that consideration be given to obtaining a better standard of living for them.

The rules of the Assembly were waived by unanimous consent and J. D. C. Walker (S.C., 1st dist.) representative to Alberta presented the Assembly with a photograph of Sir Winston Churchill receiving a delegation at the time of his retirement from the House of Commons.

On Monday afternoon, W. Dick Dickie (Lib., Calgary Centre) asked the Premier to state what help had been given this has been done, the people were now substituting the plant obtained by tax concessions and promises. Alberta needs only to provide proper facilities for industries and they will come to the Province as evidenced by the fact that 154 industries have come to Alberta in the last few years he said.

On Tuesday, A. Ludwig (S.C., Calgary East) told of the success of an Air Museum, a private enterprise in Calgary and offered any cooperation that the Province could give in helping them. On Wednesday a copy of the telegram sent to Ottawa to Prime Minister Pearson by the Premier was tabled in the House.

M. Macgregor (Lib., Lac La Poudre) in Opposition, pointed out the fact that the Speech from the Throne was a very long one, and that it was a pity that it was so long, and that it was a pity that it was so long.

E. H. Gershart (S.C., Edmonton North - 2nd) commended the Government on extending the vote to our Indians if they desired it and stated that they may require other help than the franchise.

He was followed by Hon. A. R. Patrick, Minister of Mines and Northern Development and dev. elopment. He expressed in detail how 1965 would be the Starting Moment 5 Year for Alberta, calling it "The Gem Year". He defended Alberta's policy of not offering cash consideration to industries to settle in Alberta because logics showed that in other provinces where this has been done, the people were now substituting the plant obtained by tax concessions and promises. Alberta needs only to provide proper facilities for industries and they will come to the Province as evidenced by the fact that 154 industries have come to Alberta in the last few years he said.

On Tuesday, A. Ludwig (S.C., Calgary East) told of the success of an Air Museum, a private enterprise in Calgary and offered any cooperation that the Province could give in helping them. On Wednesday a copy of the telegram sent to Ottawa to Prime Minister Pearson by the Premier was tabled in the House.

He stated that the Government would express their problems to the Department at Ottawa and offer any cooperation that the Province could give in helping them. On Wednesday a copy of the telegram sent to Ottawa to Prime Minister Pearson by the Premier was tabled in the House.

Premier Manning followed and explained in some detail the negotiations with the Canadian National Railway in building operating and maintaining a spur line from Solonville to the main line north of the area which would eventually link up with the main line. The Premier stated that the railway was providing an outlet for all the northern region to Prime Minister Pearson. The Province would provide for connection of the line and lease it to the C.N.R. on a yearly basis of 5% on the capital invested. The C.N.R. would be given the right to purchase the line for the amount of the capital invested and the Province reserves the right to terminate the agreement if and when conditions would indicate such action.

The Premier also proposed that a Committee of the House be set up to investigate the matters relating to the various Boards in the Province and in reply to a speech that Alberta adopt the Red Ensign with the Alberta Coat of Arms as our Provincial flag.

He was prepared to introduce a resolution to that effect if the House gave indications of support. He wanted a controversial debate on the matter. Canadians have had enough of that, he said.

R. D. Jorgensen (S.C., Pembina) told of the excellent work done jointly by the Municipal Council and the Water Resources Branch of the Department of Agriculture in alleviating floods of the Pembina River where 8 cutoffs had shortened the river by 15 miles. He praised the Heavy Contest on Farm Safety in which 50,000 people in Grades 5-7 in the Province were every year.

D. S. Fleming (S.C., Calgary West) expressed his appreciation of the proposed expansion of the Southern Institute of Technology and asked that some consideration be given for Christian Education School.

J. Horan (S.C., Edmonton Jasper Place) in stating the extension of development in Northern Alberta said that every dollar invested there would bring returns a hundredfold. He urged that school auditors be made available for community use, and appealed for help for the Northern Indians.

E. L. Ellis (S.C., Dunsen) told of road and fishing conditions in the North and asked that consideration be given to relaxing advertising regulations in weekly papers.

E. P. Remolt (S.C., Okotoks-High River) stated that Alberta was not up to investigating the welfare state and it attempted to rehabilitate those on Assistance so that they may be able to self-supporting.

Dr. S. G. Geldart (S.C., Edmonton North-West) was the first speaker in the debate to endorse the Provincial flag suggested by Premier Manning. He defended the distribution of seats in the Legislative assembly and expressed concern over the adverse comments coming from a small number of the Faculty at the University of Alberta.

M. Seney (S.C., Redwater) in dealing with education stated "It is a must for all today." He described the plight of the small farmer and said (Cont. on Page 9, Col. 4)

DRAYTON VALLEY BANNER

Drayton Valley, Alta. MARCH 3, 1965 PAGE 5

ROYAL BANK

IMPORTANT NOTICE TO BORROWERS & SAVERS

The Royal Commission on Banking and Finance recommended the removal of the 6% ceiling on the rate of interest a chartered bank may charge for loans. We hope that the Bank Act, due for revision by Parliament soon, will in fact remove this ceiling and also enable the chartered banks to take mortgage security—now prohibited by law but recommended in the Royal Commission report.

To Our Borrowing Customers

To remove any uncertainty in the minds of our borrowing customers, the Royal Bank wishes to assure them that removal of the ceiling will not of itself affect our prevailing loan rates. The general level of these rates is determined by monetary policy as formulated by the Government and implemented through the Bank of Canada. However, the changes proposed by the Royal Commission will, if enacted in law, enable the chartered banks to enter lending fields hitherto closed to them. Thus the banks will be in a position to make, at reasonable rates, loans of a term and risk which, under present regulations are available only at higher rates outside the banking system.

We look forward to the removal of the ceiling as a means by which we can serve a wider public, not as a means by which we can charge higher interest rates on our present types of loans.

To Our Savings Customers

Removal of the ceiling, by permitting us to make new types of loans, will enable us to introduce a new type of savings account on which a higher rate of interest will be paid.

Thus, removal of the 6% ceiling—

1. Will benefit the owners of 12,000,000 savings accounts with the chartered banks.
2. Will not hurt existing borrowers.
3. Will help those now forced to borrow outside the chartered banking system, by providing them with loans at more reasonable rates.

HIGHLIGHTS

By Mrs. E. Dohy

Miss Delphine Johnson, whose marriage to Mr. Edna Johnson, will be an event of late March, is being fêted with a round of parties and showers.

Miss Sylvia Hines has completed her training as a hair-dresser and is working for Mr. and Mrs. Vaudou.

Mr. Andrew Johnson was awarded a trip as his prize for selling the most membership to the Farm Union in this locality. He was one of a group who visited Vancouver, Seattle, Portland, and Salem. Mr. Johnson was particularly impressed with Oregon and thinks he wouldn't mind living there.

Mr. Frank Murray is in hospital at present.

From Okotoks comes the news that Mr. and Mrs. Mary Perrier celebrated their golden wedding anniversary on February 6. We note that Mr. and Mrs. Jack Cline were present. Both the Perriers and the Clines lived here for some years.
